MINUTE FOR MEETINGS
LEONARDO DA VINCI Partnership
“EUROPE ELECTRIC CAR“

Meeting Description	First Project Meeting in Frankfurt on Main (Germany)
Meeting hosted by	Kroatische Wirtschaftsvereinigung e. V.
Minute written by	Ivan Jajčević

Date / Place / Time	Activities / Results / Points of importance
<p>HARD WORKING DAY Tuesday 20th November 2012</p>	<p>In the morning at 8 o'clock, we had a breakfast and we prepared to leave. At 10 o'clock, we took a train to Mechanical school located at the periphery of city. Director (of Zeh) hosted us and he did a short recital of what exactly they do and which courses they have in school. They fight against illegal sale of cars. They have their own garages where they examine the cars and analyse how was the car fixed. They also have courses for technical examination of car. That course is being held in central school in Zeh.</p> <p>After recital(class) we had a lunch. At 3 o'clock in the afternoon we visited garage with the most exclusive cars since the car industry exists. We have seen Tesla, one of the modern electric cars. We found out all about the problem of charging electric energy at the fuel stations. We also learned that there are only few towns in Europe that have it. From there, we went back to the center of town where we were left on our own for shopping and doing whatever we want.</p> <p>At 9 o'clock at the evening, we gathered with the teachers and we were given certificates of participating in project.</p> <p>Od 17.11. do 21.11.2012. smo posjetili Frankfurt, u sklopu projekta E-car. Iz posjeta se moglo dosta vidjeti a i puno toga naučiti. Posjet Opelu je dosta značilo za razvoj dalje našeg projekta. Ja sam dosta toga naučio a i vidio što inače nemam priliku vidjeti . Naučio sam sve prednosti, a i dosta nedostataka za uvođenje električnoga automobila u široku primjenu. Izlet je bio vrlo poučan za mene a i za moje prijatelje. Nadam se da će se sve više primjenjivati takvi izleti.</p>
